

My First Savings Contract!

This one's for you, kids!

Do you have something special that you really, really want? It could be a toy, a book or maybe a camp that you really want to attend. Or a holiday to your favourite place?

Well, these things cost money and your Mum and Dad work very hard to be able to take care of you and get you treats like toys and holidays. So why not be like them and work hard too, for the things you want?

Not sure where to start? Your parents can help you out and keep you on track. Here's a simple "contract" (it's kind of an agreement) between your parents and you.
